

2017 Highlander

TOYOTA | *Let's
Go
Places*

Bring style to every road trip. The 2017 Toyota Highlander.

Let's take family outings to the next level. With its bold, refreshed look and a whole lot of upgrades, the 2017 Toyota Highlander helps you get more from every adventure. Expanded grade options — like the sporty SE — ensure there's a Highlander that's perfect for your family's lifestyle. An all-new available 3.5-liter V6 direct-injection engine and available Direct Shift-8AT (8-speed Automatic Transmission) give you the power and efficiency to take your journeys farther. With Highlander's premium interior, everyone will arrive feeling refreshed and ready for more fun. Your next favorite memory begins as soon as you get inside.

—
"A prime location, a stylish space and
a ton of fun things to do. This will be
one weekend to remember."
—

It's time to see and be seen.

Let's make a powerful impression. Whether you're looking to get away or just get around town, you'll find Highlander's sleeker design will not go unnoticed. The new bold front grille expresses confidence on any road, redesigned LED taillights and larger alloy wheels add a touch of sophistication, and available puddle lamps help light up every entrance in style. Let's live life to the fullest with every trip, no matter where we're headed.

REDESIGNED FRONT END

A refreshed grille is flanked by redesigned headlights, which now incorporate available integrated Daytime Running Lights (DRL). The new SE grade gets dark-black-accent headlights, while Highlander Limited and Limited Platinum grades feature smoked-chrome-accent headlight housings.

LED TAILLIGHTS

"Show 'em your taillights" is about to take on a whole new meaning. Every 2017 Highlander comes standard with redesigned LED taillights for added visibility in the rear.

19-IN. ALLOY WHEELS

The sporty Highlander SE features 19-in. multi-spoke alloy wheels with a machined finish. Highlander Platinum gets an added touch of sophistication with 19-in. 5-spoke Dark Chromtec® alloy wheels.

PUDDLE LAMPS

This is how you make an entrance. This available feature detects you as you approach Highlander and projects an illuminated "Highlander" logo onto the ground directly below the side mirrors.

Limited shown in Ooh La La Rouge Mica with available Platinum Package.

See numbered footnotes in Disclosures section.

Power that's ready to go.

Wherever the day takes you, Highlander has the power to get there. Thanks to an all-new available 3.5-liter V6 direct-injection engine paired with an advanced available Direct Shift-8AT (8-speed Automatic Transmission), the improved powertrain is built to generate more horsepower and torque while enhancing fuel efficiency. Highlander also offers an available Stop and Start Engine System (S&S)³⁹ making it even more efficient in traffic. If you want to flex its muscle, know that you're capable to tow¹ up to 5000 lbs. It's power that connects you to a better all-around ride.

3.5-LITER ENGINE

Talk about an impressive powertrain. Highlander offers an all-new available powertrain featuring a 3.5-liter V6 direct-injection engine and available Direct Shift-8AT (8-speed Automatic Transmission). Not only does this help improve acceleration, it helps maximize mpg while cruising at speed.

STOP AND START ENGINE SYSTEM (S&S)³⁹

Available on gas-powered Highlanders is the available Stop and Start Engine System (S&S). This shuts the engine off when Highlander is at rest — like when at a stoplight — to help save more fuel. When it's time to go, pressing the accelerator restarts the engine so you can get on your way.

AVAILABLE 5000-LB. TOWING CAPACITY¹

Some adventures are so big you have to tow them. No problem. Thanks to its all-new available 3.5-liter V6 direct-injection engine, a properly equipped Highlander can tow up to 5000 lbs.

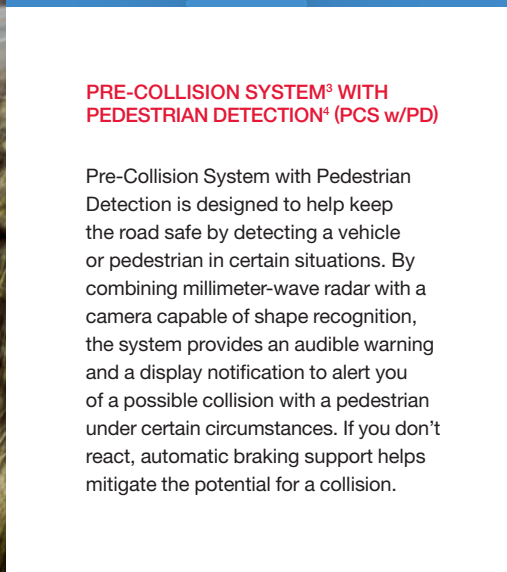

Integrated safety to help support your drive.

The road can be unpredictable. That's why Highlander comes standard with Toyota Safety Sense™ P (TSS-P)². This active safety package combines Pre-Collision System³ with Pedestrian Detection⁴ (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA)⁵, Automatic High Beams (AHB)⁶ and Dynamic Radar Cruise Control (DRCC)⁷ to assist you. TSS-P's comprehensive features create in-the-moment safety designed to support your awareness and decision-making on the road.

LANE DEPARTURE ALERT WITH STEERING ASSIST (LDA w/SA)⁵

If an inadvertent lane departure is detected, the Lane Departure Alert system will issue both an audible alert and visual warning on the Multi-Information Display screen. If the system determines that the driver is not taking corrective action, the Steering Assist function will initiate and provide gentle corrective steering when necessary to help keep the vehicle in the lane.

PRE-COLLISION SYSTEM³ WITH PEDESTRIAN DETECTION⁴ (PCS w/PD)

Pre-Collision System with Pedestrian Detection is designed to help keep the road safe by detecting a vehicle or pedestrian in certain situations. By combining millimeter-wave radar with a camera capable of shape recognition, the system provides an audible warning and a display notification to alert you of a possible collision with a pedestrian under certain circumstances. If you don't react, automatic braking support helps mitigate the potential for a collision.

AUTOMATIC HIGH BEAMS (AHB)⁶

Enhance visibility and help make nighttime driving safe. This system uses a camera to help detect oncoming vehicles as far away as 2000 feet and, depending on the circumstances, it can automatically switch the high beams on and off, helping make it easier for other drivers on the road.

SE AWD shown in Midnight Black Metallic and Hybrid Limited shown in Blizzard Pearl[®] with available Platinum Package.

See numbered footnotes in Disclosures section.

Peace of mind for the journey ahead.

Let's help make every road trip a safe one. Every new Highlander comes standard with the Star Safety System,[™] our advanced integration of safety technologies that includes Enhanced Vehicle Stability Control (VSC),⁹ Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)¹⁰ and Smart Stop Technology[®] (SST).¹¹ With eight standard airbags,¹² plus technologies like available Safety Connect,¹³ you can rest assured that Highlander has got your back.

TOYOTACARE¹⁴

Toyota is devoted to safety and dependability, and proper vehicle maintenance is important to both. That's why we include a no cost maintenance plan with the purchase or lease of every new Toyota for 2 years or 25,000 miles, whichever comes first. 24-hour roadside assistance¹⁵ is also included for 2 years and unlimited miles.

LATCH

LATCH (Lower Anchors and Tethers for Children) provides an added measure of safety for the smaller members of your family. LATCH includes lower anchors and tethers on the outboard second-row seats and a tether anchor on the middle seat of the second and third rows.

8 AIRBAGS¹²

An Advanced Airbag System helps protect you and your family with driver and front passenger dual stage airbags, driver and front passenger seat-mounted side airbags, a driver knee airbag, a front passenger seat-cushion airbag and Roll-sensing Side Curtain Airbags (RSCA) for all rows.

Limited shown in Ooh La La Rouge Mica with available Platinum Package.

SE AWD interior shown in Black leather-trimmed seats with unique ribbon inserts and silver stitching.

Comfort that's always a crowd-pleaser.

A big part of enhancing the driving experience is making sure everyone is comfortable. With seating for up to eight, we've made sure to turn up the premium experience for you and your passengers. Available high-end leather-trimmed seating and distinct accents add sophistication to the interior, while five USB ports¹⁶ give everyone accessibility to their devices. Push a button and an available panoramic moonroof lets everyone enjoy the view. Highlander is designed to be just as versatile, fun and comfortable as you need, because some of the best memories are the ones you don't plan for.

FIVE USB PORTS¹⁶

Five USB ports make it easy to power up the family road trip. With two USB ports up front, and three USB ports in the rear, everyone can plug in their favorite portable electronic devices.

8-PASSENGER SEATING

Highlander's roomy interior gives you enough space to seat up to eight people and provides more comfort along the way with reclining third-row seats.

SADDLE TAN INTERIOR TRIM

Highlander Limited and Limited Platinum get all-new Saddle Tan interior trim. Featuring high-grade leather-trimmed seating surfaces and touch points, this upgraded interior ensures all occupants ride in total luxury.

PANORAMIC MOONROOF

In-seat freedom for everyone. Your passengers have the whole sky to inspire them, thanks to the available panoramic moonroof.

Here comes life. Are you ready?

There's a lot that goes into each day, and Highlander has thought of everything. A standard backup camera¹⁷ and available Bird's Eye View Camera¹⁸ enhance the way you see, while available Blind Spot Monitor (BSM)¹⁹ and Rear Cross-Traffic Alert (RCTA)²⁰ help alert you to the things that might be out of sight. You can also change the view for your rear passengers with the available rear-seat Blu-ray Disc™ entertainment system that drops down for easy viewing. Now you're ready to take on any adventure that comes your way.

BIRD'S EYE VIEW CAMERA¹⁸ WITH PERIMETER SCAN

Highlander's available Bird's Eye View Camera helps you see nearby objects and get in to and out of spaces with ease. The system includes Perimeter Scan — an innovative feature that displays live, rotating 360-degree views of your surroundings when you're parked.

BLIND SPOT MONITOR¹⁹ AND RCTA²⁰

The available Blind Spot Monitor (BSM) and Rear Cross-Traffic Alert (RCTA) help heighten your awareness on the road. They provide audible and visual indicators, alerting you when a vehicle enters a blind spot or if a vehicle approaches while Highlander slowly backs out of a driveway or parking space.

STANDARD BACKUP CAMERA¹⁷ WITH PROJECTED PATH

When it comes to safety and convenience, Highlander delivers. Whether you're backing up or parallel parking, the standard backup camera can serve as a guide by showing what the camera detects on the touch-screen display.

REAR-SEAT ENTERTAINMENT

Entertaining from the driver's seat is tough. Let the available rear-seat Blu-ray Disc™ entertainment system help. The 9-in. display screen comes with RCA jacks, a remote and two wireless headphones.²¹

Limited interior shown in Black with available Platinum Package.

HYBRID

The scenic route never looked so good.

Give every day a chance to reach its potential. Highlander Hybrid generates as much as 306 hybrid system net horsepower, with up to an EPA-estimated 30 mpg city.²² Constantly having to search for a fuel pump is a thing of the past, and we didn't have to sacrifice power or performance in the process. It has up to 3500 lbs. of towing¹ power and is equipped with the capability of Electronic On-Demand AWD system with intelligence (AWD-i). It's time to start expecting more from every drive.

AWD-i BADGING

There's now a Highlander Hybrid for every type of family. The 2017 lineup has been expanded to include a hybrid version of Highlander LE, XLE, Limited and Limited Platinum.

MPG²²

Optimizing fuel efficiency means making enhancements all over. Highlander Hybrid offers up to an EPA-estimated 30 mpg city and 28 mpg highway. The transmission and efficient engine help to enhance EPA mpg estimates and earn Highlander Hybrid a Super Ultra Low Emission Vehicle (SULEV) rating.²³

30^{city} / 28^{hwy}

UP TO AN EST. MPG²²

ECO MODE, EV MODE²⁴

In ECO Mode, Highlander Hybrid modifies throttle response to help with fuel economy and can also help when you're slowly accelerating on low-traction surfaces such as snow or ice. EV Mode uses only the electric motor for situations where you're driving at low speeds for short distances, such as in a parking garage.

Hybrid Limited shown in Blizzard Pearl[®] with available Platinum Package.

See numbered footnotes in Disclosures section.

HIGHLANDER MODELS

LE

Exterior Features

- Projector-beam halogen smoked-chrome-accent headlights
- LED taillights and stop lights
- 18-in. split 5-spoke machined alloy wheels
- Windshield wiper de-icer
- Color-keyed heated power outside mirrors with turn signal indicators and folding feature

Interior Features

- Seating for up to eight
- Soft-touch in-dash shelf with easy cable management
- Five total USB ports¹⁶ — 3 front, 2 second row
- 24.5-liter soft-touch roll-top center console with removable utility tray
- Second- and third-row 60/40 split, sliding and reclining fold-flat seating
- Integrated backup camera¹⁷ with projected path
- Entune™ Audio — includes 6.1-in. high-resolution touch-screen display with Intelligent Touch controls, *Bluetooth*^{®25} wireless technology and advanced voice recognition²⁵
- 4.2-in. color LCD Multi-Information Display (MID)
- 6-way adjustable driver's seat
- 4-way adjustable front passenger seat

Safety Features

- Toyota Safety Sense™ P (TSS-P)²
- Star Safety System™
- Eight airbags¹²

LE Plus

Adds to or replaces features offered on LE

Exterior Features

- Integrated fog lights
- Flip-up rear hatch window
- Height-adjustable power liftgate with jam protection

Interior Features

- Seating for up to eight
- Entune™ Audio Plus with Connected Navigation App²⁷ — includes 8-in. high-resolution touch-screen display with Intelligent Touch controls, *Bluetooth*^{®25} wireless technology, advanced voice recognition²⁶ and Scout GPS Link App²⁷
- SofTex®/cloth seats with contrast stitching
- 8-way power-adjustable driver's seat
- Three-zone automatic climate control with separate second-row control panel and individual temperature settings for driver
- Stop and Start Engine System (S&S)³⁰

Safety Features

- Toyota Safety Sense™ P (TSS-P)²

XLE

Adds to or replaces features offered on LE Plus

Exterior Features

- Power tilt/slide moonroof with sunshade and jam protection
- Chromtec® roof rails
- 18-in. turbine-look alloy wheels
- Blind Spot Monitor (BSM)¹⁹ and Rear Cross-Traffic Alert (RCTA)²⁰

Interior Features

- Seating for up to eight
- Entune™ Premium Audio with Integrated Navigation²⁸ and App Suite²⁹ and 8-in. high-resolution touch-screen display
- 4.2-in. color LCD Multi-Information Display (MID) with turn-by-turn navigation²⁸
- Leather-trimmed seats with heated front seats
- Second-row retractable window sunshades
- Auto-dimming rearview mirror
- HomeLink^{®30} universal transceiver
- Second-row 120V auxiliary AC power outlet
- Smart Key System³¹ with Push Button Start
- Driver Easy Speak — driver voice amplification

Safety Features

- Toyota Safety Sense™ P (TSS-P)²

Options

- Seating for eight with second-row bench
- Rear-seat Blu-ray Disc™ entertainment system

SE

Adds to or replaces features offered on XLE

Exterior Features

- Projector-beam halogen dark-black-accent headlights w/LED Daytime Running Lights (DRL)
- 19-in. multi-spoke machined alloy wheels with black finish
- Dark-painted roof rails
- Sport-tuned suspension

Interior Features

- Seating for up to seven
- Soft-touch upper door trim with technical pattern accent
- Black leather-trimmed seats with unique ribbon inserts and silver stitching
- Blue LED ambient lighting in interior of front and rear doors and in-dash shelf

Safety Features

- Toyota Safety Sense™ P (TSS-P)²

Options

- Rear-seat Blu-ray Disc™ entertainment system

Limited

Adds to or replaces features offered on SE

Exterior Features

- 19-in. 5-spoke Chromtec® alloy wheels
- Rear parking assist sonar³²
- LED Daytime Running Lights (DRL)
- Blind Spot Monitor (BSM)¹⁹ and Rear Cross-Traffic Alert (RCTA)²⁰
- Color-keyed heated power outside mirrors with turn signal indicators and puddle lamps with Highlander projection

Interior Features

- Seating for up to eight
- Available all-new Saddle Tan interior color
- Entune™ Premium JBL® Audio with Integrated Navigation²⁸ and App Suite²⁹ and 8-in. high-resolution touch-screen display
- Perforated heated and ventilated leather-trimmed front seats with memory function on driver's seat
- 4-way power-adjustable front passenger seat
- Rear cargo area tonneau cover

Safety Features

- Toyota Safety Sense™ P (TSS-P)²

Options and Packages

- Seating for eight with second-row bench
- Rear-seat Blu-ray Disc™ entertainment system
- Platinum Package
 - Panoramic moonroof
 - Heated steering wheel
 - Heated second-row captain's chairs
 - Rain-sensing windshield wipers
 - 19-in. 5-spoke Dark Chromtec® alloy wheels
 - Bird's Eye View Camera¹⁸ with Perimeter Scan feature
 - Front and rear parking assist sonar³²

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow—from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

DISCLOSURES

1. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. 2. Drivers should always be responsible for their own safe driving. Please always pay attention to your surroundings and drive safely. Depending on the conditions of roads, vehicles, weather, etc., the system(s) may not work as intended. See *Owner's Manual* for details. 3. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See *Owner's Manual* for details. 4. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See *Owner's Manual* for details. 5. Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness depends on many factors. See *Owner's Manual* for details. 6. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for details. 7. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness depends on many factors, such as weather, traffic and road conditions. See *Owner's Manual* for details. 8. Extra-cost color. 9. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for details. 10. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. See *Owner's Manual* for details. 11. Smart Stop Technology[®] operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology[®] is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for details. 12. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: typically, frontal and knee airbags inflate in frontal collisions, side torso and side curtain airbags inflate in side collisions and roll-sensing curtain airbags inflate at a severe roll angle or roll rate. To decrease the risk of injury from an inflating airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating airbag may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 13. Contact with the Safety Connect[®] response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency service support. Enrollment and Telematics Subscription Service Agreement required. A variety of subscription terms is available; charges vary by subscription term selected. 14. ToyotaCare covers normal factory scheduled service for 2 years or 25,000 miles, whichever comes first. 24-hour roadside assistance is also included for 2 years and unlimited miles. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 15. Does not include parts and fluids, except emergency fuel delivery. Valid only in the continental U.S. and Alaska. 16. May not be compatible with all mobile phones, MP3/WMA players and like models. 17. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for details. 18. The Bird's-Eye-View Camera does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for details. 19. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. See *Owner's Manual* for details. 20. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See *Owner's Manual* for details. 21. Headphones are for passenger use only. Do not use while driving vehicle. 22. 2017 EPA-estimated mileage. Actual mileage will vary. 23. Meets Tier 2/Bin 3 Federal emissions standard. 24. EV Mode works under certain conditions at low speeds for up to a mile. Please see your Toyota vehicle *Owner's Manual* for further details. 25. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The *Bluetooth*[®] word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible *Bluetooth*[®]-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 26. Advanced voice recognition capabilities vary by head unit. 27. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. Availability and accuracy of the information provided by Scout[®] GPS Link is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. See toyota.com/entune for details. Scout[®] is a registered trademark of Telenav, Inc. 28. Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. 29. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 30. HomeLink[®] and the HomeLink[®] house icon are registered trademarks of Gentex Corporation. 31. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 32. Do not exclusively rely on the parking assist sonar system. Always look over your shoulder and use your mirrors to confirm clearance. Certain vehicle and environmental conditions may affect the ability of the sensors to detect an object. Even the shape and composition of the object can be a factor. See *Owner's Manual* for details. 33. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with fasteners. Do not install a floor mat on top of an existing floor mat. 34. Cargo and load capacity limited by weight and distribution. 35. The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. 36. Available only for vehicles equipped with remote keyless entry system or Smart Key System. Use only if aware of circumstances surrounding the vehicle at time of start. Operate only when legal and safe to do so (e.g., car uncovered in open area with no people or pets inside or nearby). See *Owner's Manual* for details. 37. FWD models require purchase of Genuine Toyota Highlander mudguards at an additional cost. 38. Available only for vehicles equipped with factory security and factory remote keyless entry system or Smart Key System. 39. Before towing, confirm Stop and Start Engine System is disengaged.

Toyota Highlander is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receivers/ball mount kits are not intended to provide crash protection.

For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle. All information presented herein is based on data available at the time of printing, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable *Warranty and Maintenance Guide* for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

FOCUS ON SUSTAINABILITY

Toyota encourages their partners to embrace environmentally responsible business practices. Toyota brochures use paper from well-managed forests, as certified by FSC[®] (Forest Stewardship Council[®]) chain-of-custody guidelines. The electricity used to manufacture this paper was generated by the paper mill's own Green-e[®] certified renewable energy sources. Wind-powered electricity was used to print some brochures through purchased REC (renewable energy credits), also Green-e[®] certified. 10% post-consumer recycled fiber (PCRf) in all Opus sheets products.

ToyotaCare
No Cost Service & Roadside

Let's go places.

Toyota drivers love to embrace new things and find new adventures. They just can't sit still. And proper vehicle maintenance is key to helping keep your Toyota safe, dependable and ready to explore. That's why we include a no cost maintenance plan with the purchase or lease of every new Toyota for 2 years or 25,000 miles, whichever comes first. 24-hour roadside assistance is also included for 2 years and unlimited miles. For all the details and exclusions, please call, visit online or stop by your local Toyota dealer today. Valid only in the continental U.S. and Alaska. Let's drive with confidence. Welcome to the ToyotaCare advantage.
